

# SKYLINE ENHANCEMENT MODULE

## OCCUPANT HISTORY PURGE

### AUTOMATICALLY PURGE FORMER OCCUPANTS

The purpose of this program is to delete former units and tenants from Skyline that have no balance and no history through a user entered date. After making a good backup and ensuring that all users are out of Skyline the program is executed by entering a date for record removal. All Occupants with no history and no balance after this date will be deleted. Choose the output location and press the Go button. When complete, the report will display how many records in each of the data files were deleted for each occupant.

#### REPORT SAMPLE:

Date: 06/26/2002

Occupant History Purge

Unit Number	Occupant Name	Ardetail	Occupant	Unit	Rsocc	Rsspace	Chgschd	Occ_Xref	Occ_Com	Occ_Op'
